

## OREGON FARMERS GATE

Manufactured in This State and is a Very Practical One

The Tribby Automatic Gate, manufactured by Nelson and Tribby, Marshfield, took the first prize at the state fair, and the Marion county right was instantly purchased by Mayro McKinney, of Turner. The cost of the castings and metal work parts is \$7.50, and the wooden part and whole construction can be put up by the farmer of wire or wood, or a combination. Careful examination by the editor of The Journal convinces him that this gate has great advantages. It can never rest in the center, trips easily—in fact trips itself, and there seems to be little room for criticism. The coun-

try is full of gates that are always coming to pieces and getting out of order. Many are so hard to pull that it takes an athlete to swing them, as for instance the gate to City View cemetery, which, in the least wind, will operate only one way. The gate for which Mr. McKinney has secured the county right has a pull on the rope of only 18 inches, lifts the gate nine inches before it swings, and can be opened and shut from the same side, and a man on horseback can swing it both ways and go through in a canter from either side. Of course, any such gate must be mounted on solid posts, and be well put together, in order to stand constant operation, and if that is done here is a gate that will give great satisfaction and reduce profanely about patent gates to a minimum.

### "Drifting Apart" Tonight.

Tonight at the Klinger Grand Theatre the Brigham-Cooper Stock Company is to present one of the most beautiful society dramas ever written. This great play has always been a success wherever presented, and when first introduced at the Madison Square Theatre it had a run of over 200 nights.

Last week "The Man in Black" pleased hundreds at the Klinger Grand, and made a fine reputation for the new Brigham-Cooper Company. It is anticipated that this week "Drifting Apart" will be still more popular. This play will be presented every night this week. The curtain goes up at 8:15, and there will be a matinee performance Saturday afternoon at 2:30. The same popular prices prevail at the Klinger Grand, 15 and 25 cents.

### INTERESTING FACTS.

For Nearly Every Man, Woman or Child.

A short time ago we published an article recommending to our readers the new discovery for the cure of dyspepsia, called Stuart's Dyspepsia Tablets, and the claim then made regarding the wonderful curative properties of the remedy have been abundantly sustained by the facts. People who were cautious about trying new remedies advertised in the newspapers and were finally induced to give Stuart's Dyspepsia Tablets a trial were surprised and delighted at the results. In many cases a single package costing 50 cents at any drug store made a complete cure, and in every instance the most beneficial results were reported. From a hundred or more received we have space to publish only a few of the latest, but assure our readers we receive so many commendatory letters that we shall publish each week a fresh list of genuine unsolicited testimonials, and never publish the same one twice.

From James Yemmelser, La-Crosse, Wis., Stuart's Dyspepsia Tablets are doing me more good than anything I ever tried, and I was so pleased at results that I gave away several boxes to my friends who have also had the same benefits.

From Jacob Anthony, Portmurray, New Jersey: I have taken Stuart's Dyspepsia Tablets with the best results. I had dyspepsia for six years, and had taken a great deal of medicine, but the tablets seem to take right hold, and I feel good. I am a farmer and lime burner and I heartily recommend to everyone who has any trouble with his stomach to use these tablets.

From Mrs. M. K. West, Preston, Minn.: I have received surprisingly good effects from using Stuart's Dyspepsia Tablets. I gave one-half of my last box to a friend who also suffered from indigestion, and she had the same good results.

Stuart's Dyspepsia Tablets are a certain cure for all forms of indigestion. They are not claimed to be a cure-all, but are prepared for stomach troubles only, and physicians and druggists everywhere recommend them to all persons suffering from nervous dyspepsia, sour or acid stomach, heartburn, bloating or wind on stomach and similar disorders.

## PIERCED UNKNOWN REGIONS

Two Marion County Men Return From Big Timber

Judge J. B. Waldo and Hon. Geo. S. Downing returned Saturday from a month's exploring trip in practically unknown regions of the Cascade mountains on the headwaters of the forks of the Santiam river. They had seven pack and saddle horses, and were accompanied by Albert Jacobs and Virgil Downing. Going east from Gates, they went into the Quartzville region and followed a ridge between the Canal fork and the north fork of the south fork of the Santiam into the higher altitudes seldom traveled by white men. This was pursued to a point ten miles south of Mt. Jefferson, to the very pinnacle and backbone of the Cascades. They must have traveled about 500 miles altogether, sleeping out nights, Indian style, and nowhere seeing any traces of civilization. They were mostly in the big timber of the forest reserves, and passed through many burns of desolation. They had a great deal of fish and game, catching 275 trout in one day out of Daly Lake, which ought to interest the game warden, as that is a pretty big catch for one man to make, and Uncle George Downing would not stretch a fish story. Some exciting adventures were undergone. At one place they lost a valuable horse that got into a quicksand spring hole and disappeared. At another place a horse balked and would not go up the mountain, but preferred to roll with his pack until he struck the bottom 125 yards down the canyon. Horse and pack were rescued. The animal was badly injured, but soon recovered, and was brought out on the trail. It didn't bother Judge Waldo much, but Uncle George says the whole country they passed through was terribly dry. Both the gentlemen are pictures of health, and enjoyed their mountain outing very much.

## BROKE PICKING RECORD

Lars Gunderson, of Howell Prairie, claims to have broken the record for fast hop picking. On Saturday last he reports 24 pickers putting away 165 sacks, averaging 70 pounds. They worked from 7 a. m. to 4 p. m. He claims the world's record for this achievement. Mr. Gunderson is one of the enterprising Scandinavian hop growers of Marion county.
